

ADULT COMFORT QUILT BLOCK

To make blocks:

Cut 5 – 2 ½” strips of coordinating or scrappy fabrics (width of fabric)

Sew strips together and then sub cut the 5 sewn strips into 10 ½” blocks – you should get 3 – 10 ½” blocks.

Or to make a single block - you could cut 2 1/2” strips from fat quarters and sew 5 strips together. Then square the sewn strips up to a 10 1/2” block.

Alternately:

If you have a full jelly roll or 40 – 2 ½” (42” length strips) and would like to make a full quilt , make 8 sets of 5 strips sewn together and sub cut into 10 ½” blocks. Lay out blocks alternating direction of horizontal and vertical and sew rows together. You can add one larger outer border or a small inner 1 ½” wide border and larger outer border 5 ½” wide if so desired. Note some of the 2 ½ “ strips in a jelly roll may not be exactly 2 ½” and you may end up with a lot of the blocks not measuring the full 10 ½” depending on your stitch, so you might need to square them all down to 10”.

Baby/Child Comfort Quilt

Novelty print – Approximately 3/4 yard
11 – 2 ½” strips or 3/4 yard
Extra 2 ½” strips for binding

From Novelty Print – cut 12 - 8 ½” x 8 ½” squares
For each block from 2 ½” strips cut 2 - 2 ½” x 8 ½” strips
cut 2 - 2 ½” x 12 ½” strips

Sew the 2 - 2 ½” x 8 ½” strips to opposite sides of the novelty block. Then sew the 2 - 2 ½” x 12 ½” strips to the remaining 2 sides of the novelty block. Arrange the blocks so that they alternate directions. Sew together 3 blocks for each row. Sew the four rows together and add a border if desired.

For binding: use additional 2 ½” strips to create a scrappy binding. This quilt can be made in any size.
